

REGAIN YOUR VOICE

Patients with Parkinson disease are invited to participate in SPEAK OUT!®, a program designed to help improve speech, voice, cognition, and swallowing.

Therapy includes one hour sessions, three days a week, for four weeks. Upon completion of the program, you are invited to participate in a therapeutic group called The LOUD Crowd®.

For more information and to schedule an appointment, call the Speech-Language Pathology Clinic at 623-806-7741.

Fee of \$35 per session; some insurance plans accepted.

The SPEAK OUT!® program is made possible in part through the generosity of the Parkinson Voice Project: www.parkinsonvoiceproject.org
